65" ADVANCED INTERACTIVE DISPLAY

Hisense Interactive Display solutions deliver exceptional performance and market leading value. Integrating the power of an interactive display, smart whiteboard, powerful microphone array and stereo speaker, Hisense delivers the ultimate all-in-one display solution. Smart OS and ecological abundance, provides best-in-class user experiences while seamless wireless integration makes collaboration both simple and engaging. The NEW GoBoard Pro Live display features Google Play Store, Android 16.0 operating system and optimized smart white board to empower your business.

Highlights

Anti-glare 9H Scratch-resistant Glass

Featuring anti-glare glass, this display reduces light reflection and maintains screen clarity in strong light. With 9H scratch resistance, it withstands daily wear and provides smooth touch operation and clear visuals.

Integrated 4K camera

The GoBoard Pro Live features an integrated 4K camera designed with a physical cover and a working light, delivering enhanced visual clarity while safeguarding participant confidentiality. The 4K UHD display effectively presents captured images with vibrant, lifelike colors, ensuring sharp and crisp details.

Caring for the eyes

Certified by TÜV Rheinland, the GoBoard Pro Live can effectively reduce the harmful blue light and guarantees a more comfortable viewing experience, with a reduced risk of tired eyes and headaches with a prolonged use.

Energy Star Certified

The GoBoard Live Pro is certified with Energy Star 8.0, achieving energy efficiency to help optimize operational costs. This certification ensures adherence to strict environmental standards, while optimized thermal management helps extend device lifespan and support sustainability goals.

Android 13 & EDLA certified

Powered by Octa-core Processor and Android 13 OS, the display enhances system efficiency, stability, and compatibility. With EDLA certified, it ensures synchronization for built-in Google apps and accounts, providing access to Google Play Store, security updates, and certified Android applications.

**Upgradable to Android 16 via OTA, available from August 2026*

Smart Whiteboard

The GoBoard Pro Live offers a smart whiteboard enhanced by AI capability, you can experience dual pen, easily insert smart graphics, shapes, smart tables and smart table, and handwriting could be easily transcripted to standard fonts.

Dolby Atmos

As the only interactive board equipped with Dolby Atmos, let alone a speaker power of 61W, the Hisense Pro Live stands out with an unprecedented immersive sound experience, no matter where you are in the conference room or classroom, you can enjoy true-to-life sound effects.

Quick & easy screen sharing

GoBoard Pro Live enables effortless wireless sharing from Windows, macOS, Android, and iOS devices, with up to 9 screens displayed simultaneously.
