

Q60H SERIES

43", 50", 55", 65" QLED 4K HOSPITALITY TV

The Hisense Q60H is designed to enhance both guest experience and hotel operations. Combining premium 4K entertainment, hotel-focused features, and Hoteza integration, it helps hotels engage guests more effectively, simplify deployment and management, and deliver consistent service across rooms. A practical, future-ready solution for modern hospitality environments.*

Highlights

Premium Guest Experience

Featuring QLED 4K technology, Dolby Vision IQ, HDR10+, MEMC, and Dolby Atmos, the Q60H delivers a premium audiovisual experience inspired by today's home entertainment expectations. Stunning picture quality and immersive sound help hotels elevate guest satisfaction and reinforce a premium brand image.

Increase Guest Engagement

More than a television, Q60H serves as an interactive guest engagement platform. Through Hotel Home integration, hotels can promote services, dining, events, and special offers directly on screen, creating new opportunities to boost guest interaction and generate additional revenue.

Efficient Hotel Management

The Q60H helps hotels maintain consistent TV settings across multiple rooms through USB Cloning. Key configurations, including startup behavior, channel lists, volume limits, language preferences, branding, and guest permissions, can be replicated quickly and accurately, helping reduce setup complexity and improve operational efficiency.

Designed for Hospitality Reliability

Built for continuous commercial operation, the Q60H series delivers stable performance in demanding hotel environments. Reliable hardware and long-term durability help minimize downtime, lower maintenance costs, and ensure consistent guest experiences throughout the product lifecycle.

Guest Privacy with Hotel Control

Q60H provides comprehensive management controls including app restrictions, source locks, USB controls, Bluetooth management, and settings protection. Hotels maintain full operational control while protecting guest privacy, ensuring a secure and reliable in-room entertainment environment.

Empower Smarter Hospitality

Designed for seamless compatibility with leading third-party System Integrator (SI) platforms and CMS solutions, the Q60H supports a connected guest journey far beyond traditional entertainment. From interactive hotel services and on-screen amenities to direct guest communication, it provides a flexible, future-ready foundation for any modern hotel technology ecosystem. A broad SI Platform support integrates effortlessly with major interactive TV software and PMS platforms, giving hoteliers total freedom of choice.
