

# **RIL SERIES**

# QUICK-INSTALL INDOOR RENTAL LED DISPLAY

Featuring quick installation and easy maintenance, with a 7680Hz refresh rate and 4000:1 contrast ratio, the RIL Series delivers true-to-life images and reliable performance, while its 45° edge-cutting design and adjustable angle configurations from outer -10° to inner +10° help you realize creative curved installation effortlessly. Additionally, the series presents a versatile range of pixel pitches from 1.9mm to 3.9mm.

### Highlights

#### **Quick Installation and Easy Maintenance**

The RIL series supports rear installation and maintenance, wall-mounting and hanging are selectable for this versatile display, making it adaptable to various scenarios.

#### **Anti-collision Design**

A high-brimmed protective face shield prevents the LED lamp bead from impact, and flip-over protective corners around the cabinet can effectively protect the edge LED.

#### Simple but Durable

Featuring hardwired independent central control, the RIL series has a sleek and modern look that is also reliable at the same time.

#### **Eye-catching Display**

With a brightness of 600 nits, a refresh rate of up to 7680Hz, and a contrast ratio of 4000:1, the display shows vibrant colors to create eye-catching images.

#### **Energy-saving and Low Power Consumption**

Utilizing a low-power 4.5V power supply, the display is optimized for energy efficiency and minimal resource use to realize low operational costs.

#### **Creative Curved Installation**

The RIL features a  $45^\circ$  edge-cutting design on both sides, enabling the panel to create  $90^\circ$  arc display. It offers adjustable angle configurations from outer -10° to inner +10° to create a curved screen with high flatness.
