

HT008E

WIRELESS SCREEN TRANSMISSION

(Compatible with WM6FE, MR6DE, MR61DE-E Series)

The HT008E wireless screen transmission dongle connects to a device's USB-C port and transmits its on-screen content to the digital whiteboard for all to see. Simply connect it to your device and press the button to instantly display the content on the whiteboard via fast and stable streaming (Windows/Mac supported).

Highlights

Crystal 4K Transmission

Enable attendees to easily see what is being shared on the screen. This clear screen-sharing feature makes it easy to set up an engaging work and study environment.

Instant Pairing

Experience instant meeting starts with a quick 3-second connection. The system will automatically recognize the HT008E for future connections.

Seamless Share, Smarter Meet

Enjoy seamless, uninterrupted screen sharing for superior meeting quality. This stable connection ensures consistently efficient collaboration.

WiFi-Free Sharing Anywhere

No HDMI, Type-C cables, apps, or even Wi-Fi required. Replace traditional screen-sharing hardware with a wireless casting dongle – enabling instant presentations anytime, anywhere.

Specifications

HT008E

Color	Black
