Hisense

5 YEAR Warranty

86WR6CE
86" ADVANCED INTERACTIVE DISPLAY

Hisense Interactive Display solutions deliver unrivalled performance and market leading value. Combining the power of a digital display, tablet, electronic whiteboard and video conference device, Hisense delivers the ultimate all-in-one display solution. Superior processors and the latest touch technology provide best-in-class user experiences while seamless wireless integration makes collaboration both simple and engaging. The 86WR6CE features an optical bonded display for an enhanced touch experience, a wireless live presentation link to compatable Hisense displays and NFC integration.

Highlights

4K Ultra HD
The 4K Ultra HD picture quality ensures perfect colour and rich details in all possible surroundings. In addition to the 4K screen as always, we bring 4K UI for WR6CE. With 4K UI, we can make the most of this clear, bright, eye-protective screen for a more beautiful display.

Screen transmission
The WR6CE interactive digital board can wirelessly connect with two or more auxiliary screen devices. Near-Field Communication (NFC) touch transmission and A&C screen transmission simplify this process.

Anti-Glare
Optical technology diffuses mirror-like reflections and bright lights to help keep what's on your screen clear and visible.

Wide viewing angle
The extra wide 178° viewing angle is a perfect fit for classrooms and presentations, with perfect colour and rich details in all possible surroundings.
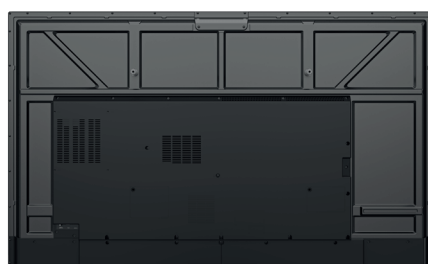

Comfortable viewing
Low blue light and full frequency DC dimming from hardware, bring the ultimate comfort viewing experience.

Collaborative interaction
The touchscreen recognizes up to 20 touches at once which is ideal for simultaneous use by meeting participants.

Settings menu lock
Now you can set a separate password lock for the settings menu to prevent children from accidentally touching it.

Newly upgraded whiteboard
Add sticky note function to jot down your thoughts. You can view all the pages through the page list, adjust the page order, and copy content across pages.
