

CASE STUDY

HOSPITALITY LOUNGE,
ELLAND ROAD STADIUM

Project Description

Inside the brand-new Leeds Lounge hospitality suite at Elland Road, home of Leeds United, Hisense has installed a spectacular LED wall that transforms the matchday experience. The vibrant, large-scale display delivers stunning visuals for live match coverage, club content, and partner activations, ensuring guests enjoy an unforgettable, premium environment. Designed for maximum impact, the LED wall combines seamless image quality with robust reliability, creating a versatile platform that enhances both fan engagement and commercial opportunities.
