

# CASE STUDY

## MARSTON'S PLC

### Project Description

Marston's has embraced innovation in its UK pubs with the installation of a Hisense modular LED solution, measuring 3.6 metres wide by 1.5 metres tall. The vibrant, large-format display delivers striking visuals that enhance the atmosphere, creating a dynamic focal point for entertainment and customer engagement. Whether showcasing live sports, promotional content, or brand storytelling, the LED solution provides sharp, reliable, and impactful performance in a demanding hospitality environment.
