

## CASE STUDY

PT. DECORIENT PARTAYA  
INDONESIA

### Project Description

PT. Decorient Partaya Indonesia has enhanced collaboration and communication in its boardroom with the installation of a Hisense GoBoard Live interactive display. The advanced solution enables seamless presentations, intuitive digital whiteboarding, and effortless content sharing, ensuring every meeting runs smoothly and efficiently. With features such as multi-touch interactivity, wireless connectivity, and built-in collaboration tools, the GoBoard Live creates a more engaging and productive environment for both internal discussions and client meetings.
