

CASE STUDY

PT. INDO KHARISMA  
PANGAN SCHOOL

Project Description

PT. Indo Kharisma Pangan Semesta has upgraded its workplace collaboration with the installation of Hisense GoBoard interactive displays across its meeting spaces. The intuitive, touch-enabled displays make it easy for teams to share content, brainstorm ideas, and connect with colleagues and partners through seamless video conferencing. By combining wireless connectivity, digital whiteboarding, and powerful collaboration tools, the GoBoard displays have transformed meetings into more engaging, efficient, and productive sessions.
